

StyleSnipe Privacy Policy

Last Updated: July 21, 2025

OVERVIEW

StyleSnipe is a Chrome extension designed to help developers and designers inspect and copy element styles from webpages. We are committed to protecting your privacy and being transparent about our data practices.

INFORMATION WE COLLECT

StyleSnipe operates entirely within your browser and does not collect, store, or transmit any personal information or browsing data to external servers.

WHAT WE ACCESS

- Webpage Elements: The extension accesses the visual elements and styling information of webpages you visit to provide inspection capabilities
- DOM Structure: We read the HTML structure and CSS properties of elements you interact with
- User Interactions: We detect hover actions and spacebar key presses to enable the inspection interface

WHAT WE DO NOT COLLECT

- Personal identifying information
- Browsing history
- Website URLs you visit
- Form data or user inputs
- Cookies or tracking data
- Screenshots or webpage content

HOW WE USE INFORMATION

All processing happens locally within your browser. StyleSnipe uses accessed information solely to:

- Display visual grid lines and hover cards showing element properties
- Show margin, padding, font, and layout information
- Enable copying of CSS styles to your clipboard
- Provide real-time visual feedback about webpage elements

DATA STORAGE

StyleSnipe does not store any data permanently. All information is processed in real-time and discarded immediately after use. No data is:

- Saved to your device
- Transmitted to external servers
- Shared with third parties
- Retained between browsing sessions

PERMISSIONS

StyleSnipe Privacy Policy

StyleSnipe requires the following Chrome extension permissions:

- Active Tab: To access and inspect elements on the currently active webpage
- Scripting: To inject the inspection interface and read element properties

These permissions are used exclusively for the extension's core functionality and not for data collection.

THIRD-PARTY SERVICES

StyleSnipe does not integrate with or send data to any third-party services, analytics platforms, or external APIs.

DATA SECURITY

Since StyleSnipe operates entirely within your local browser environment and doesn't collect or transmit data, traditional data security concerns are minimized. All processing happens locally on your device.

UPDATES TO THIS POLICY

We may update this privacy policy from time to time. Any changes will be reflected in the 'Last Updated' date at the top of this policy. Continued use of StyleSnipe after any changes constitutes acceptance of the updated policy.

YOUR RIGHTS

Since StyleSnipe doesn't collect or store personal data, traditional data rights (such as deletion or portability) don't apply. You can uninstall the extension at any time through Chrome's extension management interface to completely remove it from your browser.
